I am graduate of the IT department of the Ionian University. I am looking for an IT position where I will use my technical skills. I have developed basic skills in many programming languages that I learn in my semester and also by myself in my spare time. Another key point that I want to mention is that I am hardworking and try very much to get the best result. I am very honest and I can work in a team.

- Hardworking
- Perfectionist
- With willingness to learn
